From President's Desk...

"We are what our thought have made us; so take care about what you think, words are secondary thoughts live they travel far."
- Swami Vivekanand

It is needless to elaborate the significance of education. People without proper education, skills, experience are almost like the philistine. For the development of The country; the role of good education institution is fore most. Dev Sanskriti College of Education & technology, one of the prestigious higher Education Institute in khapri, Durg (C.G.) imparts quality education to the students with the ethos of moral, values, spirituality and principle. We believe that, education is not simply imparting knowledge of information but more about opening the students mind for to creativity, innovation, to active a level of excellence; specially for rural students by providing them career oriented education for batter placement and grooming their personality and awareness. Disciplined students, well qualified and talented teachers, likewise better management are equally important for the success of an education Institution. The college management is always providing number of facilities to the students as well as teachers.

I am confident that DSCET. Durg shall meet the expectations of stay ahead of the times.

From Director's Desk...

"The Task of the modern educator is not to cut down jungles, but irrigate deserts."
- C.S. Lawis

It is encouraging to know that our higher education institutions Dev Sanskriti College of Education & Technology is progressing consistently. Our vision and mission clear that the students are grasping social responsibility and empowered personality, excellence value along with moral ethical and spiritual values throughout the teaching and training. Though we are having some challenges like boosting the confidence of rural students, specifically girls, to enable the students to improve their spoken English communication, to cope up with the global competencies also encouraging them for enterpreneurship, and proper use of social media.

During the corona pandemic E-lecture, webinars, daily classes, social activities and workshops have been conducted. We are having well qualified enthusiastic and dedicated faculties, well furnished infrastructure with Wi-Fi facility, good library and astonished garden along with tobacco and plastic free campus, all together emphasis on holistic development of the students. Also digital teaching, laboratories, library and computer lab make support system for the slow learners. I congratulate entire alumni who have joined their respective job in different school and best wishes for the students topnotch future.
